Sustainable World Capital is delighted to present:

The 3rd Five Fund Forum

A US CleanTech & Sustainable Investment Showcase

New York | Boston | San Francisco

Click [here](#) to register

Benefits

- **Five fully validated investment opportunities:** review five investment funds pre-selected by Sustainable World Capital in a group and/or one-to-one presentation format
- **Unrivalled networking:** the event provides networking breaks throughout the day to maximize the opportunity to match LPs with interesting funds and other like-minded investors
- **No fees:** this event is free of charge to asset managers and LPs interested in investing in funds focused on investing in different sub-sectors of the CleanTech / Sustainable universe

An unprecedented opportunity for LPs and Asset Managers to meet established cleantech and sustainable funds in capital raising mode

The Forum is the only event in North America that showcases a diverse group of sustainable and cleantech funds to the institutional investment community. In its two prior showcases in Europe, the Forum attracted 150 institutional investors. The funds are pre-screened and are differentiated on sector, geography, and stage focus. Attendees include Fund of Funds, Family Offices, Investors and Advisers. Together SWC with its partners collaborate with a combined experience of 85 years in international capital markets and is one of the few firms focused exclusively on these sectors. The event is structured to include group presentations and one-on-one meeting to allow attendees full access to the fund managers.

Selection process

- Five funds have been chosen: four from North America and one from Europe
- Funds have been chosen based on multiple criteria including: management team; track record; investment strategy; and fundraising status
- Only second and upwards funds or first funds with a prior significant closing
- Interested attendees click [here](#) to register
